

<b>I. SECTION – Therapy:</b>		
1.	1.1.	Internal medicine
2.	1.2.	Propaedeutics of internal medicine
<b>II. SECTION – Surgery:</b>		
3.	2.1.	General Surgery
4.	2.2.	Anesthesiology and Intensive care
<b>III. SECTION – Narrow clinical specialties:</b>		
5.	3.1.	Neurology and Medical Psychology
6.	3.2.	Psychiatry and Addiction medicine
7.	3.3.	Infectious diseases
8.	3.4.	Dermatology and Venereology
9.	3.5.	Ophthalmology
10.	3.6.	Medical Radiology
<b>IV. SECTION – Protection of motherhood and childhood:</b>		
11.	4.1.	Obstetrics and Gynecology
12.	4.2.	Propaedeutics of childhood diseases
<b>V. SECTION- Biomedicine:</b>		
13.	5.1.	Normal physiology
14.	5.2.	Pathological physiology
15.	5.3.	Pathological anatomy
16.	5.4.	Medical Chemistry
17.	5.5.	Biological chemistry
18.	5.6.	Medical Biology
19.	5.7.	Microbiology, virology and immunology
20.	5.8.	Histology
21.	5.9.	Forensic medicine
<b>VI. SECTION – Social Sciences and Humanities:</b>		
22.	6.1.	Social Sciences (philosophy of medicine)
23.	6.2.	Foreign languages
24.	6.3.	Pedagogy and psychology
25.	6.4.	Public health and management

<b>VII. SECTION – Medical prevention:</b>		
26.	7.1.	Environmental hygiene
27.	7.2.	Communal and occupational hygiene
28.	7.3.	Epidemiology
<b>VIII. SECTION – Modern technologies in medicine</b>		
29.	8.1.	Biophysics in medicine
30.	8.2.	Information technologies in modern medicine
31.	8.3.	Biomedical Engineering
32.	8.4.	General Physics
33.	8.5.	Mathematics and Mathematical Statistics
